

Tithe Recipient Recommendation

One of the ways that the SOM Foundation supports the advancement of awareness and understanding of the philosophy of the Science of Mind globally is by making gifts of tithe to organizations that are promoting the Science of Mind through their good works. This is also the SOM Foundation's demonstration of its practice of Science of Mind principles and the Law of Circulation. The Foundation sets aside 10% of the unrestricted gifts it receives for the purpose of making these gifts.

The form below is to be used by individuals that have identified an organization(s) that are doing the work of promoting the awareness of the philosophy of Science of Mind in the world. Prospective recipients must be IRS qualified 501(c)(3) organizations. Please return the form below indicating your recommendation of an organization that should be considered for a gift of tithe from the Foundation.
